

PRINCE GEORGE'S COUNTY
DEPARTMENT OF ENVIRONMENTAL RESOURCES

BULLETIN 2010-2

SUBJECT: April 2010 Cycle of Amendments

PURPOSE: Announcing the acceptance of applications for the April 2010 Cycle of Amendments to the 2008 Water and Sewer Plan

The April 2010 Cycle of Amendments will be the last plan amendment cycle until December 2010. Due to elections this year, the August 2010 Cycle of Amendments will be pre-empted. The filing deadline for the April 2010 Cycle of Amendments will expire at close of business, Thursday, April 1, 2010. Applicants are encouraged to submit early in order to ensure your application is received and processed for the April 2010 cycle. The Department of Environmental Resources (DER) would like to remind each applicant of the following conditions when filing:

- Applications dated prior to the 2008 version will not be accepted;
- Facsimile copies of the application will not be accepted;
- Applications must include a description of (residential) developments and their proposed enhancement features to the surrounding community;
- Applications with proposals that will require "Re-zoning" or "Special Exception" approval will be rejected (unless circumstances warrant otherwise);
- Applications must be properly signed and notarized; and
- Incomplete applications that are not satisfied by the filing deadline will be rejected.

The 2008 version of the filing application along with instructions may be found at:
