

OBESITY FORUM

The Impact of Childhood Obesity on Learning
Childhood obesity, an issue that ranks as one of our nation's leading child health concerns, is also a serious issue for our region and community.

Join us for a discussion on how obesity affects student achievement and avenues to address this growing epidemic.

Sponsored by:

Prince George's County Council
Thomas E. Dernoga, Chair

Health, Education and
Human Services Committee
Ingrid M. Turner, Chair
Sandra Eubanks, Director

"The prevalence of obesity among school-aged children has more than tripled in the last twenty years and the numbers continue to rise."
Centers for Disease Control
